There were 9 meetings at HQ in Oct. with 170 attendees, plus many, many volunteers and canvassers.

Holidays are about gathering with friends, celebrating traditions and sharing food too. As has been the tradition, we invite you to share your special holiday finger food and sweets. PCDP will provide a variety of beverages.

We look forward to seeing you on December 11th.

We woke up November 7th to the joyous news that Wisconsin had finally defeated our “divide and conquer” governor of the last 7+ years. Thank you Wisconsin voters- all 2.7 million of you for making it a historic election!

**AND THE WISCONSIN WINNERS ARE...**  
THE CITIZENS OF WISCONSIN

**Events Prior to November 6th**

A few days before the election, Tammy's bus visited the UWSP campus, but also stopped by PCDP headquarters to greet the volunteers working to support the canvassers and phone callers. They were most impressed with our headquarters, our “political quilt” and our hospitality.

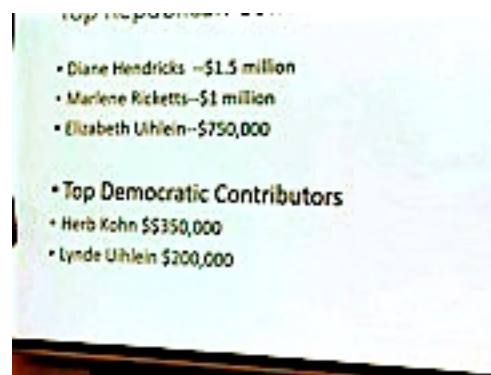

Some of the “Tammy Crew” clowning for the camera.

Our guest speaker for the November 13 meeting was UWSP Political Science Professor Emeritus, and political science analyst for the Wall Street Journal, **Dr. Ed Miller**.

Professor Miller discussed the results of the Wisconsin elections and the implications for the 2020 Presidential election. His talk included how and why people voted as they did and the demographics in areas that voted for one or the other party.

One of the graphs Dr. Miller showed us was the top contributors to the two party campaigns. As you will notice, the Democrats were out spent by millions

As always, Dr. Miller’s talk was filled with wisdom and wit. He answered several questions and received well deserved applause by those in attendance.

If there is no struggle,  
there is no progress. Frederick Douglas

~~~~~  
Public schools have taken a hit under the Republican leadership these last years.

This is a satirical piece I found.

“My husband and I have decided that local parks just aren’t good enough for our kids. We’d rather use the county club, and we are hoping state tax dollars will pay for it. We are advocating for Park Saving Accounts, or PSAs. We promise to no longer use the local parks. To heck with anyone else in the community as a whole. We want our tax dollars to be used to make the best choice for our family.”

SOUNDS RIDICULOUS until you plug in public schools instead of parks and know that this is exactly the premiss of private voucher schools.

## A Good bye send off by Jan Way

It was with mixed emotions that we said farewell to the Julie Lassa and John Moe family on October 14 with a gathering at the PCDP Headquarters.

We are sad to see them go, but excited for the new adventures that lie ahead for them in Madison.

Friends gathered together to reminisce, share food and drink. Stories were shared by Katrina, Louie Molepske, Don Hassenhorl and others about the times spent with Julie and John. Katrina presented John and Julie with appreciation plaques from the State of Wisconsin noting their time in public service.

We wished them well, good luck and success in their future endeavors.
